Summer Music Program

Letter from Dr. Blackburn, June 2010

Aloha,

I hope this letter finds you enjoying the warmer weather and the excitement surrounding the beginning of summer. We all had a wonderful end of the school year, and on 10 June twenty-five of us will be traveling to Cuba for a six-day study of their education and health system. Our summer camp plans are in full swing and enrollment is at an all time high! We also hope that you take advantage of our bridge camps in June and in August, as well as our music school.

We are sending next year's calendar to you early so that you can make your plans for the year. All of our school activities are on the calendar and we hope this gives you enough time for planning. As a reminder, please return your medical forms to the school nurse as soon as possible. We are going to follow the New York City guidelines for medical forms and school admission this year. Thank you again for being responsive to this request.

When you return in September, we will have a new entrance to the school with our new security system in place. This renovation was made possible by your generous reverse auction gifts. Miguel Gomez-Marshall and Aaron Page spent many hours planning, along with Christine Spinelli, a Caedmon parent and architect, to ensure a wonderful new system for our children's safety.

In August we will be e-mailing you your class placement, and at the end of the month the Family Handbook along with the Family Directory. There have been many changes made to the handbook this year so please read the beginning pages.

During the month of July, Cathy and I will be away in Hawaii. I will be here at school during the month of August. Please drop by the school if you are in the city. We are also expecting our second grand child on 17 June. My daughter is in hopes that he waits until I return from Cuba. Of course, Cathy will be in Ann Arbor the minute Marymount is out. Clara is very excited about her brother, but wants her nana and pape to come soon!

Thank you again for a wonderful school year and I do hope your summer is restful and your children have a lot of fun! Happy Summer,

Dr. B
